Subject: "Triple Site" - Site Strategy Follow Up Discussion

Hi Michael and Chip,

Are you both available for a follow up site strategy session for "Triple Site"? Matt and I have some remaining questions/clarifications regarding the enforcement strategy for the Signetics non-NPL site.

We also think it might be beneficial to have someone from your legal team join us on the call to help clarify the enforcement program being used and major milestones needed to inform the site strategy. Does that approach work for both of you? If so, who would you like me to extend the invitation to?

It looks like the earliest our schedules line up is Thursday April 1st (not a joke!).

Thanks!

Nate
